VII.1. In evaluating bids, the Contracting Authority will be guided by the criteria listed:

- Net price of the contract item - 80%,
- delivery time - 20%

VII.2. The evaluation criteria apply to both partial bids and bids covering all parts of the subject matter of the contract. Evaluation and thus scoring will be carried out individually for each part of the subject matter of the contract, regardless of whether the offer will cover all parts of the subject matter of the contract or will be a partial offer.

VII.3. The scoring of the bid will be done according to the formula

$$O_P = P_C + P_S$$

Where:

- O_P - offer scoring
- P_C - point evaluation of the offer in the criterion "Total net price"
- P_S - number of points obtained in the criterion "Delivery time "

VII.4. The number of points (P_C) in the criterion "Total net price" will be calculated according to the formula:

$$P_C = \frac{C_N}{C_B} * 80 \text{ pkt}$$

Where:

- P_C - Number of points for the criterion "Total net price"
- C_N - of the non-rejected bids, the lowest total net bid price
- C_B - total net price of the tested offer

For comparison purposes, bids submitted in a currency other than PLN will be converted into PLN at the average exchange rate of the National Bank of Poland as of the closing date for submission of bids.

VII.5. The number of points (P_S) in the criterion "Delivery time" will be calculated according to the formula:

$$P_S = \frac{C_N}{C_B} * 20 \text{ pkt}$$

Where:

- P_S - Number of points for the criterion "Delivery time"
- C_N - of the non-rejected bids the shortest delivery time
- C_B - delivery time of the tested offer

By delivery time, the Buyer means the time counted in full months from the receipt by the Buyer of the Seller's confirmation of acceptance of the order for execution.

Delivery time will be scored separately for each part of the contract. Bids with a delivery time of more than 4 months will be rejected.
